**“Governor Murphy is wrong to try  
to make New Jersey a sanctuary state –  
and we’re not afraid to say it.”**

# **Bob Andrzejczak, Bruce Land, and Matt Milam** stood with South Jersey and opposed making New Jersey a Sanctuary state.

Bob, Bruce, and Matt are committed to doing what's right—even when it means breaking with the Governor of their own party.

That's why Bob, Bruce, and Matt are against any proposal to make New Jersey a sanctuary state. They believe we are a nation of laws, and cannot condone making New Jersey an outlier to those laws.

This is not a new position. It is the same commitment that Bob and Bruce made with then-Senator Jeff Van Drew when the issue was first raised in 2017.

Then, as today, this team remains committed to doing what's best for the people of South Jersey.
